General Warranty Guidelines

DuPont warrants to the original owner of a Corian® installation, as provided in the DuPont published technical literature, that DuPont, at its option, will repair or replace, without charge, such product if it fails due to any manufacturing defect during the first 10 years after initial installation, except for damage caused by physical or chemical abuse, damage from excessive heat or acts of nature. This includes necessary labor charges needed to repair or replace the product covered hereunder.

Commercial Warranty

The commercial warranty applies to permanently installed Corian® solid surfaces: (1) Purchased after October 1, 1994, for commercial use in the United States and Canada; (2) Which are maintained according to the Corian® Care in Use bulletin. A copy may be obtained, free of charge, from your DuPont Certified Fabrication/Installation source or by contacting DuPont; (3) Which fail due to a manufacturing defect.

Specific Rights

DuPont's obligation hereunder is limited solely to the repair or replacement, including necessary reasonable labor charges, of the Corian® product purchased hereunder. No implied or expressed warranty of merchantability or fitness for a particular purpose is granted by this warranty except as expressly stated herein. Except as provided herein, DuPont shall not be liable in either tort or contract for any loss or direct, consequential or incidental damages arising out of the use or inability to use Corian® in commercial applications as stated herein. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives the purchaser specific legal rights; other rights may also be available which may vary from state to state or, in Canada, from province to province.

The 10-year limited warranty coverage for DuPont™ Corian® is your ultimate assurance of lasting quality.
