Mr. Andrew Weiner
States Industries
29545 Enid Road East
P.O. Box 7037
Eugene, OR 97401

Dear Mr. Weiner,

HPVA recognizes the following mills' production as certified to meet or exceed the Phase 1 formaldehyde emission limit (0.08 ppm) established in Section 93120.2, title 17, California Code of Regulations, Final Regulation Order, *Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products (ATCM)*. The following products, as defined by the States Industries' Quality Control Manual, may now carry the HPVA TPC-8 label. States Industries has demonstrated conformance and commitment to the quality control procedures and testing requirements necessary to ensure production meets the ATCM requirements for the following hardwood plywood products.

Product Certified	Mill Location
Hardwood Plywood Veneer Core	Eugene, OR
Hardwood Plywood Particle Board Core	Eugene, OR
Hardwood Plywood MDF Core	Eugene, OR
Hardwood Plywood Combination Core / Armorcore	Eugene, OR
Hardwood Plywood Veneer Core	Mocksville, NC

Please contact me if you have any questions.

Sincerely,

Brian T. Sause
Director of Testing, Certification, & Standards
